Subject: BDCP EIR/EIS lead agency meeting

All,

The BDCP EIR/EIS lead agencies will be discussing modeling assumptions and outputs for the water operations alternatives currently under consideration at a meeting on Tuesday, June 21, 2011. Presentations will be provided by the DWR modelers and consultants regarding Alternative 4 (the Enhanced Aquatic Conservation Alternative) and the SWRCB's request for an alternative with increased Delta outflow. We will also likely discuss the modified water operations (Scenario 6) and potential operations for a 3,000 cfs alternative. If you or your staff are available, please take this opportunity to become more familiar with potential water operations modeling for the BDCP EIR/EIS alternatives.

Date: Tuesday, June 21, 2011

Time: 1:00-3:00pm

Location: Bonderson Building, Room 422

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
